Crops Held in Reserve for Higher Prices Says New York Investigation

YIELD UNDERESTIMATED

Official Makes Personal Investigation in 29 States and Declares Supply is 25 Per Cent Above Federal Estimate—Legislature to Investigate High Prices at Special Session

(Associated Press Telegram)
New York, Nov. 17.—An assertion that western farmers underestimated their crops in reports submitted to the federal government and thereby forced up the price of wheat, potatoes, onions and cabbage, is the latest contribution to the high cost of living investigation here. The charge is made by Joseph Hartigan, commissioner of weights and measures, who has just returned from a tour of twenty-nine states.

Mr. Hartigan's investigations convinced him, he said, that the government estimate of the crop in this country this year was based on statistics furnished by the farmers, who "knowingly concealed at least 25 per cent. of their wheat crops."

According to Mr. Hartigan, this surplus has been held in reserve to be dumped into the market, supposedly short many millions of bushels, at a price otherwise unobtainable.

"I do not charge the farmers with being out and out dishonest," declared Mr. Hartigan, "but the least that can be said of them is that their action was unpatriotic. They are doing the same thing in many parts of the country in regard to potatoes, cabbage and onions. I have not the slightest doubt that if these reserve supplies were released we would hear considerably less about crop shortages, and the cost of these farm products would be reduced to the retail purchaser at least 25 per cent. from the prices now prevailing."

The high price now demanded for the necessities of life is being recognized by the large employers and measures have been adopted to ameliorate the situation. The Brooklyn Trust company, with the approval of its board of directors, announced today a substantial bonus for each of its ninety employees. Accompanying each check was a note explaining that the money had been voted to "relieve the strain among employees on account of the high cost of living."

Announcement was also made that the Underwood Typewriter company planned to distribute \$250,000 among its employees in the middle of the winter when the cost of living is usually the highest.

Food speculators last week made a profit of more than \$900,000 on a single item of eggs, according to state food experts. This week's toll from the city's householders they say, will exceed \$1,000,000.

To prevent a recurrence of such conditions, the state legislature will be called upon at its session to pass an act enabling the city or state to own or control its own cold storage facilities.

Statement Denied.
Washington, Nov. 18.—Department the assertion that Joseph Hartigan, New York commissioner of weights and measures, that western farmers knowingly underestimated their crops in reports to the federal government and thus forced up the price of wheat, potatoes, onions and cabbage.

It was insisted at the department that there is a practical agreement from all sources of crop information that there is a material shortage of wheat and other crops. Further more, department officials assert the crop estimates are not based alone on reports from farmers but from the government's own field agents in each state aided by inspectors who carefully check the original estimates from township and county reporters.

'PHONE GIRLS STRIKE DURING BUSIEST HOUR

(Associated Press Telegram)
Toledo, Nov. 18.—Union operators employed by the Ohio State Telephone company struck this morning during the busiest hour—between 9 and 10.

A conference between union representatives and company officials continued until 1 o'clock this morning. The company refused to recognize the union or to arbitrate the girls' grievance. The union grievance committee was then empowered to call a strike without notice.

There are now about 100 girls out. Pickets at the main exchange announce that they will attempt to induce the girls coming on for later shifts not to go to work. Union representatives said that 175 of the 200 operators are in the organization.

The electrical workers union threatens a sympathetic strike.

The company is maintaining a limited service with office employees and a few non-union girls. The Bell lines are not affected.

Here Is Concise Statement of Proposition to Assist the Hospital, Library Next Week

The impression is abroad and seems to be gaining circulation that the disposition of the gas escrow fund will depend upon the action of the majority of the gas consumers. In other words, many people believe that if more than one-half of the gas consumers agree to donate a part of their interest in the gas fund that action will be binding upon all others.

The proposition is absurd and is without any foundation whatever.

It is true that some time ago there was an effort to have the city council submit to a vote the proposition to divide the escrow fund equally between the consumers and the gas company but some of the lawyers about the city emphatically declared that there could be no division of the fund whatever without the unanimous consent of the gas consumers and unanimous consent of 6000 people on a proposition like this or any other proposition for that matter would be impossible to obtain.

What John Smith does with his interest in the gas fund is of no concern to John Jones and any action he may take is of course without effect so far as Jones and all others are concerned.

The proposition to be presented to the gas consumers by about 200 representative Newark men and women next week is simple and is easily understood. It is this: Each gas consumer is to be given the opportunity to give one-half of his interest in the escrow fund to the city hospital and the Newark public library. That's all there is to it. Those who don't want to give don't have to and the fact that others do give will not in any way affect the interest of those who do not contribute.

The plan is to pay the hospital's mortgage debt of \$17,500 first and then to divide equally between the hospital and the library the sum remaining.

The hospital has reached the point where it must be helped. There is no fund with which to pay the interest upon the mortgage amounting to \$1050 a year and the library too is in need of financial assistance.

The gas consumers are not asked to surrender their entire interest in the escrow fund but are requested to give half of it to these worthy institutions which must be helped in some way or they can not exist.

It has been pointed out that the organization behind this movement may be "counting its chickens before they are hatched" in that it is by no means certain that the gas fund will go to the consumers. That is true. It may all be given to the gas company. The courts so far however have decided in favor of the consumers and the matter is before the supreme court of the United States. It is to be argued at Washington on December 4 and the final decision will no doubt be handed down before January 1st. If the decision favors the gas company next week's campaign will be in vain except that it will serve to acquaint the public with the needs of the library and the hospital. The public may rest assured however that if the decision favors the consumers, no consumer will lose his interest in the fund unless he voluntarily gives it.

The campaign workers are to meet at the Chamber of Commerce rooms on North Park Place Monday at 7:30 p. m. and the work of calling upon the people is to begin the following morning.

ECONOMY BY ALL NATIONS URGENT EXPERTS CLAIM

(Associated Press Telegram)
Rome, Nov. 18.—Rigid economy throughout the world in the consumption of food in view of the deficient crops and the extraordinary requirements of the European armies is urged by the international institute of agriculture which has made the most extensive report it has issued since the war began. The institute says all nations are confronted with a grave situation.

It is estimated that at least 2,300,000 bushels of wheat will be consumed in the year ending July 31, 1917, and that at the end of this period, the world's surplus supplies of wheat will have decreased to 46 million bushels.

GERMANS AND BRITISH HAVE STIFF FIGHT IN GERMAN EAST AFRICA.

(Associated Press Telegram)
London, Nov. 18.—Further spirited fighting, the outcome of which was favorable to the British, has taken place in the campaign for the clearing of German East Africa, according to an official announcement today. After the recent attack by the Germans on Njomini the bulk of their force, says the statement, moved southwest and invested a small British post at Malanzali. Failing in three efforts to capture it, a British relief column arrived and defeated the besiegers, killing and capturing some of them and taking booty.

GUARDSMEN ON BORDER IN NEED OF PERIODICALS.

Washington, Nov. 18.—National guardsmen on the border want more reading matter, writing material and games, according to Major General Arthur Murray, United States army, retired, former acting chairman of the Red Cross central committee, who now is on a visit to the various army camps. While much of the time of the soldiers is occupied with drills and other military duties, there are necessarily many empty hours of unemployment and at every point in General Murray's itinerary there was a universal demand for reading matter, writing material and games. Contributions of this nature will be forwarded to the troops by the Red Cross.

GAS COMPANY ENJOINED FROM TURNING OFF GAS

Charles W. Miller and Irene C. Jones filed a petition in common pleas court today against the Newark Natural Gas and Fuel Company, claiming that the defendant is discriminating, in that said gas company threatens to turn off the gas from the boilers in buildings owned by plaintiffs in West Main street and which are used by 18 different tenants. Plaintiffs allege that such action on part of gas company would cause the former great loss and inconvenience and they requested court to enjoin said company from turning off gas in plaintiffs' buildings. The court issued a temporary injunction upon plaintiffs giving bond in the sum of \$200.

Similar petitions were filed by Anna B. Curren, proprietor of the Warden hotel and by H. P. Scott, proprietor of the Sherwood hotel. The gas company was also enjoined from shutting off the gas in those places, the plaintiffs' giving bond until the matter can be heard by the court in the near future.

Germans Turn Heavy Guns On Towns Lately Occupied By Kaiser's Army—French Repulse Teutons—Allies Continue to Progress in Macedonia—Lines Close to Monastir

(Associated Press Telegram)
London, Nov. 18.—British attacks last night resulted in further progress for General Haig's troops in the field of their new offensive movement north of the Ancre brook in the extension of their offensive movement in the Somme area in northern France.

Striking northeast from Beaumont-Hamel and north from Beaumont, the British pushed back the German lines in each case, London announces today.

The Germans countered with their artillery, heavily shelling Beaumont-Hamel and turning their guns also on Hebuterne.

At Biaches south of the Somme, near Peronne, the Germans attacked the French lines but according to Paris were repulsed.

The entente campaign for Monastir continues to show progress. The Serbians have scored further advances in their flanking movement in the bend of the Cerna river east of the Macedonian capital, while the French are pushing in closer south of the city, according to Paris.

The flanking operation of the Serbians has brought them to a point on the heights northwest of Iven, due east of Monastir. On the south the French are in the outskirts of Kananea, five miles from Monastir.

Newark People Victims of Fraud; Letters Held Up

Over fifty letters addressed to the National Mail Order Brokerage Exchange, are being held up in the local postoffice on instructions from the postal department at Washington.

The postoffice department claims the company, which advertised offices at 520 Globe building, Minneapolis, Minn., is conducting a scheme by which it is obtaining money through the mails under false and fraudulent pretenses. In their circular letters the company offers to send a silk petticoat valued at \$4.75 to the person receiving the letter, provided they send 10 cents to the company and send five exact copies of the letter sent by the National Mail Order Brokerage Exchange to five of their friends, making them the same offer.

The company has left Minneapolis and there is no way of making delivery of the mail.

At the local office over fifty letters addressed to the company are being held, some of them containing money, with the instructions to return to the writers all letters having the return address and the others will be sent to the dead letter office.

MIXER KILLED.

(Associated Press Telegram)
Greensburg, Pa., Nov. 18.—A foreign miner was killed in the Oceana mine of the Berwind White coal company at Herminie near here this morning by a fall of slate. LABOR SHORTAGE BLAMED FOR HIGH PRICES ON COAL.

(Associated Press Telegram)
Washington, Nov. 18.—Scarcity of labor in coal mines has been found by agents of the department of justice to be one of the factors in the increased price of coal. The investigation is not complete, but inquiry at Tennessee and Kentucky mines has shown an increased cost of mining coal there of about \$2.50 per ton.

REFUGEE TELLS U. S. AGENTS THAT MANY ARE KILLED

(Associated Press Telegram)
El Paso, Nov. 18.—From a Chinese refugee from Parral, United States government agents here today received a report that all of the foreigners remaining in Parral, exclusive of the five known to have left for Culian and thought to have arrived here, had been killed by the Villa bandits.

The Chinese refugee said those killed included the American, German, Chinese, Hebrew, French and Arab residents of the mining camp. He also said a brother in law of Theodore Hoemuller of Jimenez had received confirmation of the killing of Hoemuller, a German subject, and his family in Parral. The Chinese refugee added that the general belief in Jimenez was that Edgar Kock, German consular agent in Parral, had been killed at Santa Rosalia.

DEFENSE

WILL PLEAD ACCIDENTAL SHOOTING IN CASE OF KARL DICKEY—MURDER.

Youth Pleads Not Guilty at Arraignment Before Mayor and Is Remanded to Jail—No Bond.

Karl Dickey, the 19 year old youth, held for murder in connection with the death, late Wednesday afternoon, of Cecil Burrell, which occurred at the Dickey home, 138 Hoover street, this morning was arraigned before Mayor Bigbee for preliminary hearing.

"Not guilty," Dickey pleaded, after the charge was read to him by Mayor Bigbee.

He was remanded to the county jail without bail.

Shortly before 10 o'clock this morning Chief of Police Sheridan, Patrolmen Hurlbaugh and Williams went to the county jail for the prisoner. The lad still maintained his stolid composure, but told the officers that he had contracted a cold while in jail.

He was handcuffed to Officer Williams and taken in the patrol to the city prison. A few minutes after his arrival, Attorney B. G. Smythe, who has been retained to defend Dickey, put in an appearance in court.

As his youthful client was being led into the court room, Attorney Smythe stopped him and said: "The charge will be read to you and you will be asked if you are guilty," he said to Dickey. "All you are to say is, not guilty."

The court room was crowded as the prisoner took a chair in front of the magistrate's desk. Dickey never changed expression while the charge was being read to him and at the conclusion was asked how he pleaded.

"Not guilty," he replied in a firm voice.

He was again handcuffed to Officer Williams and taken to the county jail. Prosecutor Joseph Horner, assistant Court Stenographer J. Cooper and an older brother of the prisoner were in court when the lad was arraigned.

"What will be your defense?" Attorney Smythe was asked.

"Accidental shooting," he said. "So far as my investigation has lead me the shot which killed young Burrell, was fired accidentally." Mr. Smythe said, "Dickey didn't shoot Burrell out of malice or following a quarrel, and we will show at the trial, that the shooting was purely accidental."

Asked about the statement made by Mrs. Dickey, mother of the boy charged with murder, following the shooting, in which she credited her boy with saying, "well that is what he deserves," Mr. Smythe said: "She never made that statement."

Prosecutor Horner stated that Dickey's case would be up before the next session of the grand jury, which convenes January 10. The inquest into the shooting will be held Wednesday afternoon at 2 o'clock by Coroner W. L. Jackson, who will be assisted in examining witnesses by County Prosecutor Horner.

"The state will attempt to show at the trial," Prosecutor Horner said today, "that the shooting was premeditated and a deliberate murder. We have evidence to this effect with which to meet the claims of the defense."

Movement Talked Among Neutrals Says Swiss Report Printed in Germany

WOULD BE NO ARMISTICE

Conference Would Be Held and If It Appeared Negotiations Would Promise Success, Temporary Lull Might Follow—Story Not Confirmed in High Official Circles

(Associated Press Telegram)
Berlin, Nov. 17, via London, Nov. 18.—The movement for peace negotiations, according to reports from "the Swiss frontier" which were printed by the Koelnische Zeitung, is about to assume definite shape in the form of a joint call from various neutral governments to the belligerents, asking them to send delegates to a peace conference. The reports assert that several European neutrals are already in touch with the American government and that various belligerents have been sounded on the proposition of a conference.

According to this story, the conference would necessarily open its sittings without an armistice being proclaimed, interruption of hostilities coming only after it was established that the negotiations were apt to be crowned with success.

In authoritative official circles here it is stated that no facts are known upon which the Koelnische Zeitung's story could be based while it is considered not impossible that neutral governments may be considering some such step.

FIRST WIDOW PENSIONER IS DEAD AT 100

MRS. MARY LOVEJOY DID NOT LIVE TO ENJOY AID PROVIDED BY NEW LAW.

Was First Woman in United States To Get Pension Under Ashbrook Bill Just Passed.

Mrs. Mary Lovejoy, the first woman in the United States to be granted a pension under the new Ashbrook pension law, and who recently celebrated the 100th anniversary of her birth, died at the home of her daughter, Mrs. Jacob Kochendorfer in Railroad street at 5:10 o'clock this morning, after a few days illness with pneumonia.

Mrs. Lovejoy was born in Frederick, Md., October 26, 1816, and was therefore 100 years and 22 days old. Early in life she moved to Ohio and settled at Bellaire, Belmont county, coming to this city ten years ago. She was married to Samuel Lovejoy, a civil war veteran who died in 1875.

Three sons and one daughter survive, George of Bellaire, Carey and James of this city and her daughter, Mrs. Kochendorfer.

Mrs. Lovejoy was a remarkable woman and up until the last few days was able to be around the house in her chair, being unable to get around unassisted on account of suffering from a fall some time ago and injuring her hip. On October 26, last a birthday celebration was held in her honor. Capt. Mat Bausch and members of Co. B Old Guard, together with a number of old veterans of the civil war and women of the Relief Corps attending. The aged woman enjoyed it very much and entered into the spirit of the occasion with a great deal of vigor for one of her age.

Only a few weeks ago a representative of the Pathe Weekly Film company came to Newark to secure a picture of Mrs. Lovejoy. Congressman William A. Ashbrook was impressed into service and with Mayor Bigbee and members of the Old Guard proceeded to Mrs. Lovejoy's home, where a moving picture was taken depicting Congressman Ashbrook handing her an original pension certificate. Later these pictures were shown in nearly every city and town in the United States.

Wilson's Elections.

Editor of the Advocate.—What's wrong? I have been scanning each issue of your paper expecting to find a telegram of congratulation from Mr. Charles E. Hughes to the Hon. Woodrow Wilson on the outcome of the late election. Do you suppose he has forgotten it or is he like the man who found the River of Doubt, sulking? but maybe you have overlooked that much news, Mr. Editor.—Anxious.

Like our friend, "Anxious," we too have been watching the Associated Press dispatches as they are clicked over the Advocate wire but up to the hour of going to press no message has come telling of Mr. Hughes' congratulation to the President. It is reported that Mr. Hughes is waiting for Chairman Willcox to throw up the sponge before sending a wire to the President. Everybody knows and admits that President Wilson has been re-elected except the National Chairman.

NEWARK'S DUTY IS TO MAINTAIN HOSPITAL-LIBRARY

Editor of the Advocate:

The suggestion was made some time ago through the Advocate concerning the escrow fund in the hands of the Trust company belonging to the consumers of natural gas providing the supreme court affirms the Ohio courts, that if it is to be given to anyone the gift should be made to some public purpose and the hospital was suggested as a proper subject of a gift of a part of this money.

It would not be proper for me to suggest what other people should do with their money. For myself I can freely say that the hospital and library, either or both, can have what is coming to me.

There are many activities properly a part of the work of any city that are not taken care of in a regular way by taxation. It is just as necessary for Newark to have a hospital and library and parks and play grounds as it is to have a high school, fire department or police department, electric lights, water works and many other services. We are taxed to pay for many of these departments of city activity. And those things we need which taxation does not pay for the citizens who are able and so disposed must pay for their private subscription.

The hospital is in debt and cannot pay running expenses and debt. Both must be paid. The people who have a pride and city spirit to make Newark a city second to none of its size have a duty and an obligation commensurate with that duty. What is here stated is not for the purpose of persuading anyone to contribute money to the hospital and library who are not willing or able, but simply to call attention to our obligation as citizens of Newark to support and preserve both civic activities.

Every inhabitant of the city and those who may sojourn here if accident or sickness befall them should be cared for whether or not they have the means to pay for it. This is our duty, not a charity. We should not only care for our own people but be the Good Samaritans towards the stranger within our gates.

This concerns our duty and opportunities, the gift must be left to the free choice of those who give. They are to say about that.

Resinol

heals

itching skins

When you know physicians have prescribed Resinol for 20 years in the treatment of itching, burning, unsightly skin eruptions, and have written thousands of reports such as: "It is my regular prescription for itching," "Resinol has produced brilliant results," and "The result gave was marvelous in one of the worst cases of eczema," doesn't it make you say to yourself, "that's the right kind of treatment for my skin-trouble?"

Resinol is sold by all druggists.

CANDIDATES

SPEND MONEY FREELY IN CAMPAIGN FOR ELECTION TO COUNTY OFFICES.

Democratic Committee Spent Nearly \$3000 While Republicans Got By With \$1887.

The Democratic and Republican executive committees, as well as all the county candidates for office at the late election have filed their expense accounts with the board of elections as required by law. Only one is missing, that of Robert S. Campbell, Republican candidate for auditor, and Mr. Campbell's phone call to Mr. J. Reese that he had mailed it late Friday night.

The Democratic committee received the sum of \$3,315.72, in the form of contributions and campaign assessments of candidates. The committee expended all of this sum with the exception of \$24 which was applied in the rental of Democratic headquarters in South Third street. The money was expended principally for literature, party workers, securing poll and office expenses.

The Republican executive committee received the sum of \$1,995 and of that amount expended \$1,887.22, leaving a balance on hand of \$17.68. The greater part of the amount was spent for literature, office expenses and party workers.

The various candidates and the amount they expended is as follows:

Robbins Hunter, \$298.60; B. G. Smythe, \$325.12; F. S. Scott, \$359.00; A. S. Mitchell, \$319.05; C. H. Swank, \$629.90; Jess. T. Reese, \$147.67; J. W. Horner, \$140.10; Charles E. Green, \$224.91; Orville Kiger, \$181.65; Nicholas C. Brown, \$97.55; G. C. Travis, \$207.02; Thomas E. Adams, \$217; Michael Sachs, \$195.60; R. L. Patton, \$432.60; J. C. Butt, \$250.87; John E. McCracken, \$186.72; Chas. D. Lake, \$218.17; Leo T. Davis, \$448.17; Fred S. Wilson, \$376.50; Will H. Miles, \$624.38; Charles Flory, \$548.58; John C. Swartz, \$397.55; Frank B. Dudgeon, \$283.82; W. L. Jackson, \$25.

U. B. MEMBERS TO VOTE FOR DELEGATES TO GEN. CONFERENCE.

At the Tenth Street Baptist church at both morning and evening services the vote for delegates the general conference to be held at Wichita, Kansas, next May. Fifteen ministers and fifteen laymen were nominated, five of each to be elected by the vote of the members living in the bounds of this conference.

ARE YOU A FRIEND OF THE HOSPITAL AND THE PUBLIC LIBRARY?

BOTH OF THESE INSTITUTIONS ARE IN URGENT NEED. THE HOSPITAL'S MORTGAGE DEBT OF \$17,500 MUST BE PAID. THIS DEBT CARRIES WITH IT A \$1,050 ANNUAL INTEREST CHARGE AND THE ORGANIZATION IS WITHOUT FUNDS TO PAY THE INTEREST. THE LIBRARY NEEDS FINANCIAL ASSISTANCE TOO.

BEGINNING TUESDAY, NOV. 21. TWO HUNDRED NEWARK MEN AND WOMEN WILL CALL UPON GAS CONSUMERS AND INVITE THEM TO CONTRIBUTE ONE-HALF OF THEIR INTEREST IN THE GAS ESCROW FUND TO THE HOSPITAL AND LIBRARY.

THE REPORT THAT THE MAJORITY WILL RULE IS ABSURD. NO GAS CONSUMER CAN ASSIGN THE INTEREST OF ANY OTHER CONSUMER IN THE FUND.

OUT OF THE FUND TO BE RAISED THE HOSPITAL DEBT WILL FIRST BE PAID. THE REMAINING SUM WILL BE DIVIDED EQUALLY BETWEEN THE LIBRARY AND THE HOSPITAL.

IF THE PEOPLE OF NEWARK WILL UNITE, THE BURDEN OF DEBT WILL BE LIFTED EASILY AND THESE TWO SPLENDID INSTITUTIONS WILL BE IN POSITION TO DO MORE EFFICIENT, MORE EFFECTIVE WORK. NOBODY IS ASKED TO GIVE MUCH BUT IF ALL WILL GIVE A LITTLE THE DESIRED END WILL BE REACHED. IT IS ESTIMATED THAT THE AVERAGE AMOUNT DUE THE GAS CONSUMERS, IF THE COURT'S DECISION FAVORS THE CONSUMERS, IS \$30. THE CONSUMERS ARE ASKED TO GIVE HALF OF THIS SUM TO THE HOSPITAL AND LIBRARY. WHO WILL REFUSE TO GIVE \$15 TO PUT THE HOSPITAL OUT OF DEBT AND PLACE THE LIBRARY UPON A FIRM FOOTING? IN SOME INSTANCES THE AMOUNT DUE CONSUMERS IS ABOVE \$30 AND IN OTHERS IT IS UNDER THAT AMOUNT.

THOSE WHO DO NOT FEEL ABLE TO CONTRIBUTE TO THIS FUND WILL NOT BE EMBARRASSED BY ANY COMMITTEE. THE WORKERS INTEND TO CALL UPON ONLY THOSE WHO ARE ABLE TO ASSIST.

READ THE ATTACHED AGREEMENT.

IT IS THE SAME AS GAS CONSUMERS WILL BE ASKED TO SIGN.

W. C. METZ, Receiver. Newark, Ohio, November 21, 1916.

I hereby donate, assign and transfer to

THE NEWARK HOSPITAL ASSOCIATION

AND THE NEWARK PUBLIC LIBRARY

doing business as The Newark City Hospital and the Newark Public Library. 50 per cent of the total amount due me from the escrow fund in your hands derived from the case of The City of Newark vs. The Newark Natural Gas and Fuel Company, and hereby authorize and empower you upon final distribution of said fund, to pay said 50 per cent to the Treasurer of said Hospital Association and his receipt to you shall be a full acquittance thereof.

Witness..... Signed.....

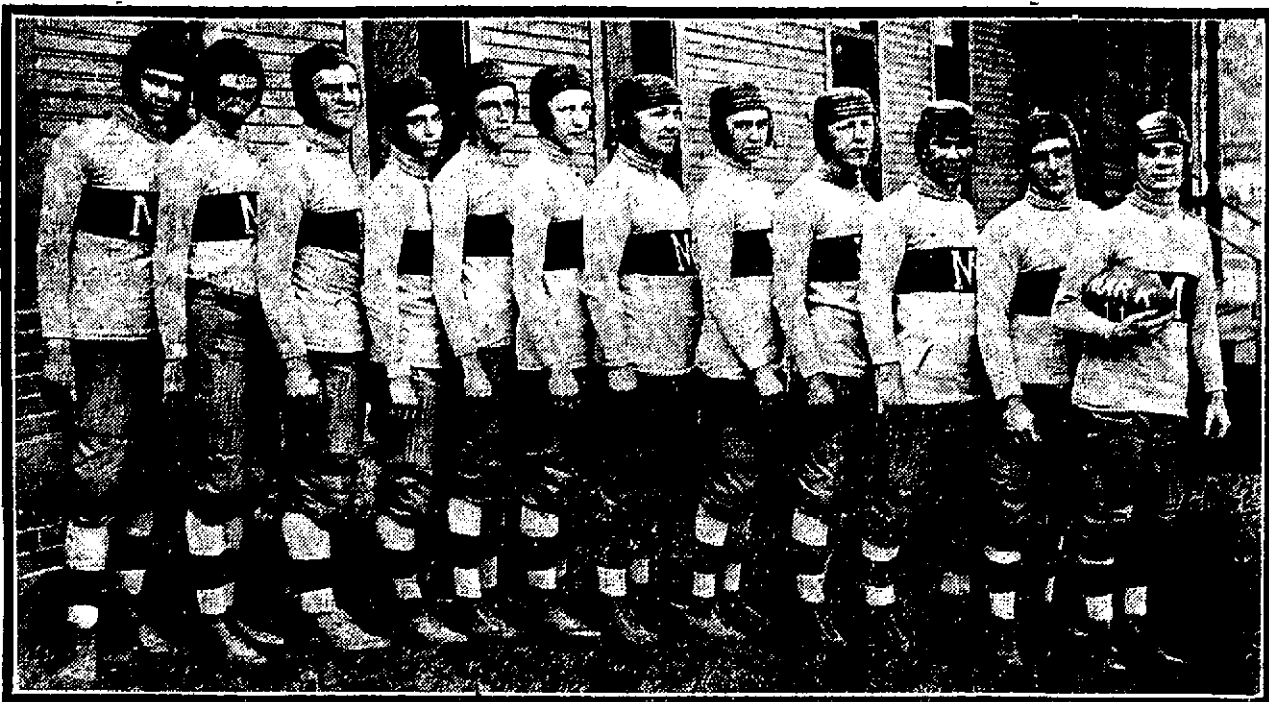

IF YOU SIGN AND SEND COUPON TO CHAIRMAN H. D. WOODBRIDGE, 406 TRUST BUILDING, NEWARK, O., IT WILL SAVE THE COMMITTEES TIME AND WILL GREATLY ENCOURAGE THE WORKERS.

LET ALL JOIN IN THIS EFFORT TO FREE THE HOSPITAL FROM DEBT AND PLACE THE LIBRARY IN A COMMANDING POSITION. ONE CAN DO NO WORTHIER ACT THAN TO HELP THESE TWO NEWARK INSTITUTIONS.

Campaign Starts Tuesday, November 21st, 1916

WHERE DO YOU STAND? BE PREPARED TO GIVE THE WORKERS A PROMPT DECISION. BETTER STILL, CLIP THE COUPON, SIGN AND SEND IT TO HEADQUARTERS NOW. THANK YOU.

**MARKS TEAM MAY MEET DEFEAT HERE
FOR THE FIRST TIME THIS SEASON**

On Sunday afternoon at Wehrle Park the crack Fitzsimmons team will meet the Marks 11 of Zanesville in what promises to be the football classics of the season. Realizing that his club will be up against the stiffest proposition they have encountered this year, Owner Jim Fitzsimmons has spared no expense in strengthening his lineups

and announces he has signed Johnny McCarthy, the brilliant backfield performer, formerly of the McDaniel club, and another player equally as well known who will hold down left end for the Fitz aggregation. Johnny McCarthy needs no introduction to the football fans of the city as his playing this season as well as in previous seasons, stamps him as one of the best halfbacks this city has ever turned out.

The Marks eleven comes here with the reputation of having a very classy team, and have built up an enviable record for the season, defeating some of the best teams in central Ohio. The Fitz team have been working hard for this contest and will be in the best of condition to put up the battle of their lives against their worthy opponents. The game will be called promptly at 2:30.

**M'DANIEL TEAM
READY FOR BIG
GAME TOMORROW**

Over 200 Fans Expected to Invade Zanesville Sunday Afternoon to Pull for Locals.

If present indications are true, Newark football fans will invade Zanesville tomorrow 200 strong to witness the McDaniel-Zanesville game, and to root for the locals. A special car will leave Newark via the Ohio Electric lines, at 11 o'clock, which will carry the McDaniel players and a number of fans.

Many of the rooters will make the trip via the Baltimore and Ohio railroad which will land them in the Clay City in time for the big automobile parade which proceeds the game. Automobiles from Newark also will take part in the parade, so Newark will be well represented in more than one way.

The local team is in good condition and has secured the services of several new players who will greatly strengthen the team. Zanesville is anxious to tie the count in this years football series and has loaded up with players, which they believe will be able to put the spigskin across Newark's goal line often enough to gain the decision.

The game will be played on the old fair grounds and the admission price will be a quarter. Women will be admitted free.

**TEN GAMES WILL
INTEREST FANS
IN OHIO TODAY.**

Columbus, Nov. 18.—Ten football games will furnish excitement for Ohio fans today, with the Ohio State-Case game holding the center of the stage. The day's schedule follows:

Ohio State-Case, Cleveland.
Wesleyan-Denison, Granville.
Otterbein-Marietta, Marietta.
Ohio-Wooster, Wooster.
Mt. Union-Oberlin, Oberlin.
Reserve-Miami, Oxford.
Kenyon-Cincinnati, Cincinnati.
Earlham-Wittenberg, Springfield.
Hiram-Akron, Akron.
Baldwin-Muskingum, New Concord.

**BAN JOHNSON NOT
WORRIED OVER
THREAT TO STRIKE.**

Chicago, Nov. 18.—President B. B. Johnson of the American league was not worried today about the threatened strike of baseball players, nor does he believe that the proposed new baseball commission set in motion at New Orleans will interfere with the national commission of which he is a member.

In discussing the threat of the players not to sign unless their contracts were endorsed by the fraternity officials, Mr. Johnson said the figures given out were misleading. "Instead of only 25 players having holdover contracts in the major leagues," he said, "there are probably 60 men in the American league alone whose contracts run over next season. I am not worrying about any possible strike and neither are the owners in our league."

"The national commission has in the past been able to handle the cases which have come up, and I think they will be able to do so in the future."

**NEEDED GREASE
TO FRY KIDNEYS;
HELPED HIMSELF.**

Patrolmen Hurlbaugh and Williams late yesterday afternoon arrested Samuel Miller on a warrant sworn to by John Frost, charging Miller with petit larceny.

According to the complaint of Frost, Miller cut a slice from a piece of fresh side meat, which was in Frost's wagon. This morning in police court, Miller pleaded guilty to the charge, saying he had purchased some kidneys to fry but later found he had no lard.

"I saw the meat in the wagon," he said, "so I just took my pen knife and cut off enough for grease to cook the kidneys."

He was fined 5 and costs.

CLEAR DEPOT OF
HEAVY FREIGHT.**

Superintendent Donald F. Stevens, of the Baltimore & Ohio railroad company, yesterday thanked the Chamber of Commerce, and the traffic bureau of that organization, for the splendid co-operation given the railroad company in getting the local freight house cleared of its congestion.

Several weeks ago the railroad company notified the Chamber of Commerce of the congested freight condition at the freight house, and asked that this condition be relieved by local merchants. An embargo on Newark freight was threatened.

The traffic bureau of the Chamber got busy and urged the merchants to remove their freight from storage and avoid the embargo. This request met with instant response with the result that the freight house is nearly cleared.

GAME ENDS SEASON.

Ann Arbor, Mich., Nov. 18.—The University of Michigan winds its 1916 football schedule here this afternoon in a clash with the University of Pennsylvania. The men of both elevens are reported to be in excellent condition and each team is confident of victory.

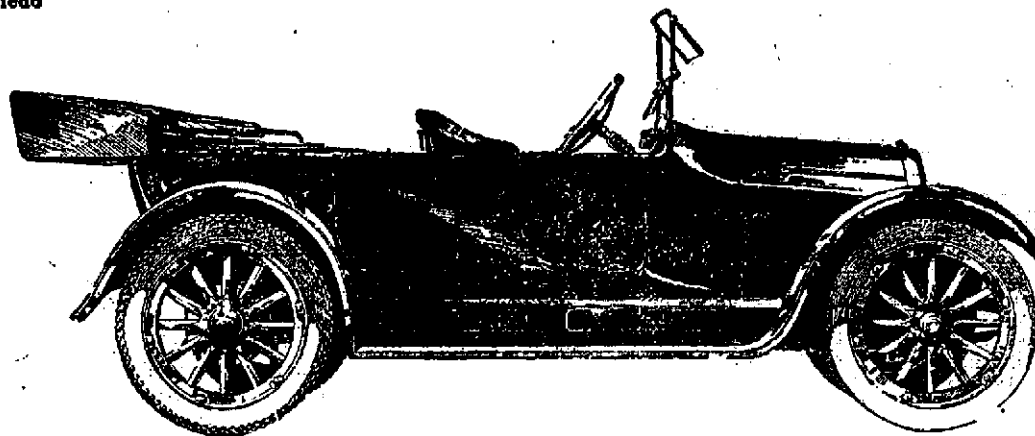

Sloan's Liniment for Neuralgia Aches. The dull throb of neuralgia is quickly relieved by Sloan's Liniment, the universal remedy for pain. Easy to apply; it quickly penetrates without rubbing and soothes the sore muscles. Cleaner and more promptly effective than musky plasters or ointment; does not stain the skin or clog the pores. For stiff muscles chronic rheumatism, gout, lumbago, sprains and strains it gives quick relief. Sloan's Liniment reduces the pain and inflammation in insect bites, bruises, bumps and other minor injuries to children. Get a bottle today at your Druggist, 25c. —Advertisement.

Speedy and Easy Riding

There's little comfort in most low priced cars. You can't use their speeds. They jostle you—they ride roughly—they don't hold the road.

The \$635 Overland is different. It is not only the speediest of low priced cars—

But you can use the full speed of its powerful motor when you need it.

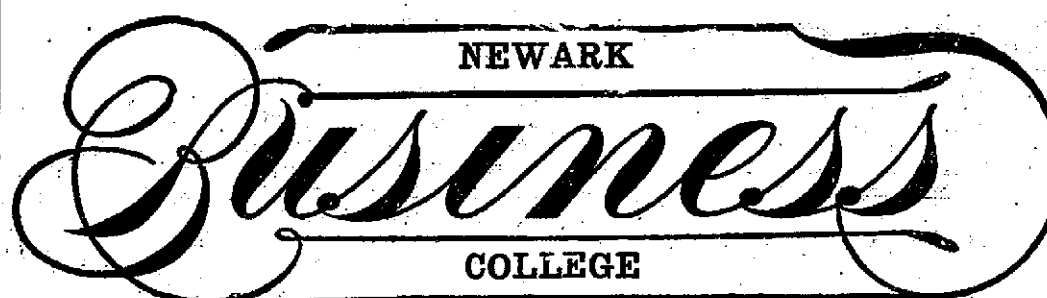

It has long 42-inch, easy riding, shock absorbing cantilever rear springs. In addition the 75 B Overland is a longer car—104-inch wheelbase. And it has 4-inch tires.

Its smoothness and ease of riding at any speed would do justice to a much larger and heavier car.

Come in and let us demonstrate. That's the best kind of proof.

Old Men and Their Job.

A recent newspaper dispatch reports a movement to secure pensions for superannuated government employees. The graybeard of the departments has always been one of Washington's most perplexing problems. In spite of all the red tape that interferes with government efficiency, the government clerk is apt to be a hard working man. He has at least done his best by Uncle Sam. It is a hard proposition to know what to do with him when he gets by the age of greatest efficiency.

In business it is much the same. There are a great many concerns that keep him along much after the time when he really earns his pay. But in perhaps more he is needed, and he is a bitter day when he is needed. His heart and hands are as ready to work as ever, but the snap and vim of youth have gone. He absolutely is not worth a great deal of money, but the world seems to turn to dust and ashes when he is told that fact.

The proposition in the movement referred to is to establish a government pension system for aged employees. It may be possible to work this out. But the tax payers already regard the cost of government work as too high. If the departments could be systematized by the same kind of business ability that organizes a big factory, they ought to be able to pay their present wages, provide pensions, and no increase the costs at all.

The individual worker needs to think carefully over this question of superannuation. Most men grow in to olden life without realizing that their power is gradually slipping from them. They spend money freely and then are out of sorts with the social system because some one does not supply the needs which they themselves have failed to anticipate. In the long run it pays a business concern to have a heart. It cannot decide all relations between its employees simply on the basis of buying so much labor for so much cash. It has to create favorable sentiment in its own workshops and in the community it serves. Where it can recognize long terms of service by special favors, it creates a sentiment of loyalty that does not otherwise exist.

Road Making.

Highway experts finishing their season's work, are emphasizing the growing difficulty of the problem of street maintenance. Under the strain of heavy motor trucks and an incessant stream of pleasure cars, highways regarded as permanent a few years ago are today all worn out. Many streets in the cities are a disgraceful surface of hollows and protruding bricks and Newark is no exception.

Highway building authorities emphasize the need of putting trained men in charge of this work. The time has gone by when road construction can be passed out as a political job.

By the majority of rural districts, road work was formerly regarded as the prerogative of local workers. In many communities, to distribute the pork as far as possible, highway work would be given to a large number of men, each taking a little strip in his charge, but none of them possessing any competence for this undertaking. The result is seen in the enormous road bills now being paid, and the miserable condition of so much of the road mileage. The road users are a powerful body numerically, and politicians will do well to cut out politics in dealing with them.

A Great Medical School.

Dr. Abraham Flexner, of the General Education Board, announced that the board and the Rockefeller Foundation had jointly appropriated \$2,000,000, which would be added to money and property worth \$9,000,000, for the founding of a medical department in connection with

The Democracy's Arrival.

(Philadelphia Record.)

Nothing was more significant in the recent election than the tremendous swing of the popular vote to the Democratic side. This was noticeable no less in the States carried for Hughes than in those carried for Wilson. The record vote for a Democratic candidate for the Presidency up to this year was that cast for Bryan in 1896, who at the time received 6,502,923 votes. Since then and until this year the Democratic popular vote showed no increase. In 1900 Bryan received 6,338,133 votes; in 1904 Bryan polled only 5,077,911; in 1908, Bryan again being the candidate, the Democratic poll was 6,409,104 and in 1912 there were 6,293,019 votes cast for Wilson.

During the same period the Republican vote showed a slight but continuous growth, increasing from 7,104,799 in 1896 to 7,207,923 in 1904. Roosevelt in 1904 polled 7,623,186 votes; Taft in 1908 obtained 7,678,908, and in 1912 the combined Taft and Roosevelt vote amounted to 7,804,463. The total vote for the Democratic Progressive and Republican candidates amounted altogether to 13,897,482. The total vote for the Democratic and Republican candidates this year was 15,725,000, an increase over the total votes polled for the leading candidates four years ago of 2,827,590 votes. Of this increase about 80 per cent., or 2,262,000 votes went to Wilson.

It is true that the greatly increased vote is due to the participation for the first time of women in several populous States in a Presidential election. But this does not vitiate the argument. The women apparently divided their votes between the two leading parties "in about the same ratio as the men; and the swing of votes to the Democracy was quite as noticeable in the States where women do not vote as in States where they have the franchise. If the votes cast by women should be deducted from the total poll the Republican vote would probably show a decrease as compared with the vote of 1912. Instead of an increase of about 550,000, counting only the male vote, the gain in Democratic votes over 1912 would still exceed 20 per cent. of the party's poll four years ago.

Ordinary Man Scores.

(Milwaukee Journal.)

The real meaning of the election is that the ordinary man is having a show. The Big Interests stay out of the saddle. That is their own testimony in the millions they put up to defeat President Wilson. Now that is settled and the country is to find out where it stands.

There is not a great deal more business legislation to be enacted. The tariff is to have its chance, and given a chance, will work itself out. Desperate talk of the country's going to ruin from wrong theory has always been foolish. It proceeds on the principle that the people are willing to ruin themselves. They are not. If it is proved to them that there is no happiness except in guaranteeing big profits to great corporations and shouldering the load, they will do it. They are a deal more to be trusted than the interests that profit from high schedules have ever shown themselves to be.

Enough regulatory legislation has been passed for the people to digest. There will be doubtless corrections here and there. Omissions will be discovered. Some social problems are to be met. But the whole volume of this is not large. The great thing is that the work of the past four years is not to be undone until it has been proved. We are to have a good time for taking stock of ourselves. We are not to begin hysterically overthrowing everything before any one has had a real opportunity to judge what is good or bad.

The Things To Do.

(Columbia (S. C.) State.)

In the next four years at a half, President Wilson may strengthen the hold of the Democratic party on this republic:

By fortifying and enlarging the merit system.

By vetoing "pork bills."

By rebuking Democratic spoilsmen, especially the Southern Democratic spoilsmen.

By scrutinizing all appropriations and insisting that for every dollar spent the people get a dollar of service in return.

By proceeding with a thorough-going plan of preparing the country's defenses, without regard to the war in Europe.

By teaching senators and congressmen, even if a little old-fashioned chastisement be the necessary accompaniment, that the public offices are not their private property.

By a general policy amending the weak places in the good laws that have been enacted.

By adhering to the wholesome principle that there should be no such thing as personal gratitude in public life when the public interest is at stake.

These things The State believes that the president will do.

The people are not interested in patronage. The people will attend to any congressman who undertakes to sacrifice the welfare of their country for the sake of their friends and henchmen.

Cheap Foods That Are Good.

(Kansas City Times.)

The average housewife, traveling in a rut, thinks she must have Irish potatoes on the table, no matter what they cost. If when she went to school she had been taught the food values in different things, and was watching the market now, she would know that sweet potatoes, costing only one-half as much as Irish potatoes, have just as much food value, with a saving of \$1 a bushel. A good cook book would teach her how to make sweet potato pie, to roast with skin on, to bake, to cut in strips and fry, to boil and to cook in other ways.

Also, she would know that there is just as much nutrient in cornmeal as in wheat flour, and while it

The Democracy's Arrival.

has doubled in price it is yet cheaper than wheat flour. There is another wholesome food almost wholly neglected now. Oatmeal was in every home in the old days. Molasses, either sorghum or cane, was on every table in the last generation. It is still cheaper than sugar, and there is more food value in it than in butter, the experts say. Sweet potatoes, corn bread with molasses for a spread, and an old-fashioned molasses ginger cake to finish off with—such food was good enough for the stalwart men and women pioneers of the west. But we have been living through an age of extravagance, and it will be hard to go back to plain foods without "trimmin'."

The New Senate.

(Cleveland Plain Dealer.)

The new United States senate will begin work in December of next year, unless the president sees fit to call a special session. One may term the senate new, because two-thirds of its members will have been chosen by direct vote of the people. The constitutional amendment taking senatorial elections out of the hands of the legislature and putting them into the hands of the voters direct was proclaimed in 1913. In 1914 one-third of the senatorial seats were filled by popular vote. In 1916 another third came under the same influence. In 1918 the last of the senators chosen by the state legislature will have passed.

It might be possible to trace a changing character in the senate as a result of this passing of control from the legislatures to the people. But no positive agreement would be probable as to whether the senate has been improved or weakened by the change.

To most people it will appear that the senate, even with only one-third of its members popularly chosen, is more responsive to the public will than the senate was in the old days. It is no longer the rich man's club that it used to be. It is no longer the bulwark of conservatism. Most people we believe, like the new senate better than the old.

But whether the changed senate is better than the old or not, the popular election of its members is leading to some striking results. Rhode Island, for instance, will be represented in the senate by a Democrat for the first time since the Civil War. Senator Lippitt would, we may assume, have been re-elected had the choice been left to the legislature. Hiram Johnson would doubtless have carried California, regardless of the manner of electing senators, but one may question whether Pointexter in Washington would have succeeded had the election there been left to an uninstructed legislature. DuPont would have stood a better chance in Delaware had the voters been obliged to speak through a general assembly.

World Center of Medicine.

(Chicago Tribune.)

The organization of a great institution of medical and surgical research and higher education in this city is one of the most important events in the history of Chicago.

Although it will receive the support of the Rockefeller foundation and the general education board, whose initial gift of \$2,000,000 makes a beginning possible, it should not lack for the prompt and liberal aid of Chicago's men and women of wealth and public spirit. The splendid gift of \$2,000,000 of Julius Rosenwald is an expression of this spirit, which should challenge a generous emulation.

The new institution, which will become a part of the educational system of the University of Chicago, is the outgrowth of the remarkable development and co-ordination of educational and clinical work at Rush Medical College and the Presbyterian Hospital with its affiliated institutions. This foundation has been laid under the leadership of Dr. Frank Billings, to whose vision and consecutive capacity the great new institution will owe more than to any other man.

Wants a New Deal in G.O.P.

(Chicago Evening Post.)

Common sense calls for a new deal in the control of the Republican party.

The election has revolutionized the alignments of power which have obtained for a generation. The party should follow this mandate.

The men who controlled the management of the campaign for Mr. Hughes were themselves controlled by the New York idea. They saw political conditions as they existed in the McKinley era, when it was necessary to get big New York, New Jersey, Connecticut, Indiana and Illinois in order to elect a Republican President. They did not see the West. They could not comprehend that the break-up of 1896, followed by the break-up of 1912, had taken the Western tail of the Republican kit and turned it into a self-propelling Zeppelin.

They were told repeatedly that this was the case. They paid no heed.

Quaker Quips.

(Philadelphia Record.)

Failure is sometimes the result of swapping what we have for what we want.

Many a man who knows his station in life is carried beyond it and has to walk back.

The man who talks about ancestors is safe. They are dead, and can't get back of him.

Just because a woman happens to have a bad temper is no reason why she should be all the time.

The most aggravating person in the world is the fellow who is sure he is right without ever getting ahead.

Ambition is a curious thing. Many a man succeeds in business who hasn't enough push to go out with a baby carriage.

Wags—"I wouldn't believe Long-bow on his oath." Wag—"Neither would I. Why, that fellow can't drop a hint without breaking his word."

Liliuokalani.

(Columbus Dispatch.)

Ex-Queen Liliuokalani, of Hawaii, to whom attention has been called by her serious illness, has for some years been a pathetic figure. Twenty-three years ago, she was deposed and the islands were added to the United States. It was accomplished by a bloodless revolution by the "missionary party," as the foreign element was called, and the result was sanctioned by the United States, after an exciting discussion constituting an important episode in our national history. The queen's party was neither strong nor brutal and she was allowed to pass into private life, with a promise by somebody that she should have a small life pension as compensation for the loss of the crown lands. The Hawaiian legislature voted her a pension of \$4,000 a year, but congress refused to do anything for her, resisting even her personal appeal, made during a visit to Washington. Whether or not this was just, it was unpromising democracy; and so in her later years, she has lived, not as one of a royal line, but one of the plain people by whom she has continued to be held in affection.

Did You Know? That coffee is the seed of an evergreen shrub which is cultivated in hot climates and is a native of Abyssinia and Arabia? The coffee tree when wild grows from 15 to 30 feet high, but in cultivation is seldom allowed to exceed six feet. The fruit is an oval, dark red berry resembling a cherry when ripe. Each berry contains two cells, and each cell has a single seed, which forms the coffee bean. Before roasting the seed is of a light green color. The tree lives for about forty years and bears from the time it is three years old.

Limerick Contest. Now hark ye, gentle readers, while we tell you that the bard Is E. B. M. to whom this week's prize dollar we award; 'Tis thus she signed her Limerick; we're publishing the same; Miss Edith Mackay is, you know, the way she spells her name.

What Ohio Club Women Are Doing

Mrs. Prentice E. Rood, Director of Press.

The chairman of Civics of the General Federation of Women's Clubs to succeed Mrs. George Zimmerman has been chosen. Mrs. Jessie Leech Priddy of Ypsilanti, Mich., will take over that important activity of the national organization.

Mrs. Priddy has the best wishes of Ohio club women in continuing work of such interest and importance in which women are taking such an active part.

Through the efforts of Mrs. Thos. G. Winter of Minneapolis, the newly appointed chairman of the press committee of the General Federation, a closer relationship between that organization and the state federations will be established. She asks each state chairman of publicity to furnish her with interesting and important club news as to definite plans and achievements.

Our Neighbor Kentucky.

The Kentucky Federation of Women's clubs is waging an active fight against illiteracy. In order to raise money to conduct moonlight schools, this organization is selling an engraved Christmas card those interested in helping this worthy cause are earnestly requested to write to Mrs. Morris W. Bartlett, Frankfort, Ky.

Co-Operation.

That the combination of the monthly publication, the General Federation magazine and the weekly, Ohio Woman, is proving acceptable to Ohio club women is evidenced by the large number of subscriptions. The Ohio Woman will carry in full what this column can merely touch upon.

A Compliment.

The speakers at the recent convention of the Ohio Federation have expressed their great enjoyment of the intelligence and responsiveness of their audiences.

Especially was Dr. Griggs pleased when at the close of a particular sentence he received an outburst of applause. He said there were two points which he was very anxious they should catch, and that was the first one. When a little later another burst of applause greeted a statement, he nodded approvingly, and said, "That is the second one."

Heads New Club.

Mrs. Charles H. Kummer, the efficient chairman of the local convention committee, was unanimously elected president of the Woman's Club House company at Dayton.

WATCH INSPECTION FOR B. & O. IN NEW JEWELRY STORE

Samuel S. Yingling of Reisterstown, Md., who recently purchased the Bostwick jewelry store in East Park Place has taken charge, and to the stock of the Bostwick store he will add a large new stock of jewelry which he purchased before coming to Newark.

Mr. Yingling came to Newark expecting to take the Grimm jewelry store in the Arcade, but as the room had already been leased he did not purchase it. The stock of the Grimm store is being packed today by a representative of the Norris, Allister Ball Company of Chicago and will be sent to an auction house to be disposed of. Mr. Yingling comes to Newark as a representative of Webb C. Ball of Cleveland, who is at the head of the official watch inspection for the B. & O. railroad company. Mr. Yingling will have charge of the watch inspection for the local division.

Mr. Yingling comes to Newark from Reisterstown, Md., where he has conducted a jewelry store, being in business there until the first of last October.

After the rush of the Christmas holidays he plans extensive improvements for the interior of the new store and new fixtures will be added and the store redecorated.

Shrine Club of Licking County Keeps Old Officers

A meeting of the Licking County Shrine Club was held in the Masonic Temple on Friday evening. An election of officers was scheduled but it was determined to retain the officers of the past year, who were Fred Speer, president, W. A. Suter, vice president, H. H. Harris, secretary and treasurer.

Plans were discussed for a big New Year party to be given by the Shrine club. They will entertain with a 6.00 o'clock turkey dinner party, with a dance and cabaret entertainment from 10:00 to 12:00. The party given by the Shriners last year was one of the most enjoyable of events an even a bigger celebration is planned for this year.

"No salutation should be written on a postal card and neither should matters be referred to," advised her sister.

Our Boys and Girls

Don't wean your baby because the mother's milk looks pale, like diluted skimmed milk. It often looks that way.

Don't neglect cold hands and feet, as an attack of indigestion, pneumonia, etc., may follow.

Don't swaddle the baby with clothes, so that he perspires, as he is then very apt to catch cold.

X-RAY REVEALS BROKEN BONE; HURT IN GAME

John Newberry of 21 North Gar street, a member of the Frank the Hatter football team, was taken to the office of Dr. W. H. Lewis in West Main street this afternoon for an X-ray examination. Mr. Newberry having been injured in a football game at Mt. Vernon a week ago. He could not walk and was taken to a physician after the game and was told that his injuries were only minor. About fifteen hours later he was taken to a local physician and an examination disclosed the fact that the ligaments in his right arm had been torn. The examination today disclosed the fact that a bone had also been fractured.

Quick Cold Relief

Is usually found through the prompt administration of a mildly laxative, dispersive tonic—one that will scatter the inflammation, remove the waste, and help Nature to build up resistance.

Peruna is That Tonic.

Its action is prompt, usually very effective, and its use is without harmful effects. Every household should keep it at hand for this purpose, and every catarrhal sufferer should regularly use this reliable remedy.

The tablet form will be found very convenient. A tablet or two at the very beginning of a cold will frequently prevent its development, and these tablets may be taken regularly with beneficial results.

Many prefer the liquid form which for nearly half a century has been the reliance of the American home.

Both are good. Your druggist can supply you.

Wild Geese Were Killed at the Lake

Three wild geese were killed on Buckeye Lake yesterday afternoon. Several flocks have been seen there in the past few days. The hunters have found it almost impossible to get near enough to get a shot at the timid fowls and they are said to be of a species never seen in this vicinity before.

Yesterday the lake was thick with wild ducks and a half dozen flocks settled over the east end. In the vicinity of the Rader cottage one flock was seen that is said to have had at least three hundred ducks in it. Hunters have been having some excellent sport the past week and a number of geese have been opened for their convenience.

FINE FARM
To the highest bidder with immediate possession, at premises 1 mile from Croton, Licking county, O., on

TUESDAY, NOV. 28, 1916
AT 2:00 O'CLOCK P. M.

One of the best corn and hog farms in the state. The owner lives in a big house and cannot give this fine farm attention.

205 ACRES
With three large barns, new silos, new seven-room house, corn crib, hog houses, cow barn and many other attractions. The whole of this farm is arable land about half of acreage is black soil; has the blue grass pasture and good sugar trees, and about 40 good sized black walnut trees. This fine farm is located in a rich section only 1 mile from Croton station and 3 miles from Centerville. Was known as the Due Reynolds and Center Stark Farm, and information may be had by telephone or letter from the Citizens Bank, Johnstown, or Croton Bank, as to its location and quality. For it has the reputation of being a big money maker.

The owner will sell all or in two parts. Yet will land at sale upon terms one-third down and balance within three years, or cash to suit the purchaser.

This is an unusual opportunity, do not fail to investigate at once, as this farm is within about an hour's ride from the city of Columbus, Ohio. Nearby are Mt. Vernon, Newark, Zanesville and Lancaster.

Wall Street.
(Associated Press Telegram)
New York, Nov. 18.—Buying of the copper shares on an enormous scale and in some instances at sensational advances was again the feature of today's furiously active opening. Chile copper's initial offering was 2,000 shares at 33 1/2 to 38, with a subsequent advance to 39 1/4, an overnight gain of 6 3/8. The seven per cent bonds also advanced almost six points. Kennecott opened with 15,000 shares. At 62 to 63 1/2; an advance of almost 3 points. Granby mining soon rose over 12 points on small transactions and Utah Anaconda, Inspiration and Nevada were higher by 1 to 3 points all at new records.

U. S. steel also made a maximum at 12 3/8 3/8. Other strong features included Republic Iron, Lackawanna steel, Nova Scotia, American Can, Colorado Fuel, Marine Midland and U. S. Clothing. The greatest gain was that of Bethlehem steel, which rose 20 points to 790, an overnight gain of 220 points and 16 points higher than the stock ever sold.

For a week end session today's operations were the largest and most exciting of almost any since the reopening of the exchange in December 1914. Huge dealings in copper, based upon trade conditions and circumstantial rumors of mergers and consolidations standing features.

New high records were made by practically all issues of that class, as well as by U. S. steel and Bethlehem steel. Other industrials added to substantial gains of the early week but here and there realizing resulted in irregularity or heaviness. Rails were a negligible factor at best showing only minor changes on small trading. The closing was strong. Bonds also were strong especially copper and industrial issues. Total sales approximated 300,000 shares.

Weekly Financial Review.
(Associated Press Telegram)
New York, Nov. 18.—The week was during this week's excessive activity and under the influence of it seemed likely that prices much undergo downward revision or impairment as a result of the readjustment of values resulting from recent political events. Local selling was more than overcome by interior buying however, and the interruption to the almost steady advance of the week's three months proved to be only temporary. Corn and allied stocks were the outstanding feature, their prices in the aggregate far above the price of the week's end. Virtually every one of the commodities rose to record prices, their meaning only becoming apparent by the unprecedented quotations for the basic products.

It is especially noteworthy that the country is "sold out" for the first half of the coming year, if not far beyond. In the commodities sense that staple has become more and more scarce than almost any of the so-called precious metals.

Conditions scarcely less favorable seemed to apply to the steel industry. In spite of further advances for months and years, the market is not only being sold out, but the shares of the independent steel and iron companies are selling at the movement in the market. The steel industry is expected to be sold out for the first half of the coming year, if not far beyond.

apparently ceased. Opening prices, which ranged from the same as yesterday's finish to 1 5/8c lower, with December at 1.81 1/2 to 1.82 and May at 1.86 3/8 to 1.87 1/4c were followed by a material setback all around, and then something of a rally.

Prospects of rain in Argentina tended to weaken corn. Besides there were liberal offerings to arrive from Iowa. After opening 3 3/8 to 1 1/4c lower prices continued to sag.

Oats gave way with other cereals. About the only buying was on standing orders. Provisions lacked support, a decline in Liverpool, and quotations counter against the buying side.

Amusements

THE AUDITORIUM.

Love and Hate.
Mr. Fenberg's splendid large crowd with his triple program at the Auditorium yesterday in which the public weekly, with most interesting events; one being the Deutschland again back on our shores, together with the crew and captain (as this boat is now in the limelight it is an interesting film to see). The Crimson Stain Mystery 4th episode and the great and most exciting photoplay "Love and Hate" with Bertha Kalich as the star is seen.

A woman's battle against a man who deliberately brings unhappiness into her home, forms the background of the action in William Fox's photoplay, "Love and Hate," in which Bertha Kalich stars. Madame Kalich plays the part of Helen Sterling, whose husband, Robert, is brought to ruin through the machinations of George Howard, a dishonest broker, and his assistant, Rita Lawson.

The last showings of this program will be given today, the show being continuous, no waits between the supper hour. Tomorrow Mr. Fenberg offers the Triangle feature "The Captive God" with W. S. Hart.

The Captive God.

William S. Hart will be seen at the Auditorium theater Sunday in the long-awaited Triangle feature, "The Captive God." This play is from the pen of Monte M. Katterjohn and offers Hart in a role that is totally unlike anything he ever has attempted since his desertion of the footlights for the film studio. The part is that of a stalwart Spaniard, who, shipwrecked in the early part of the sixteenth century, is adopted by the people of Tehuan, in ancient Mexico, and made their leader because of his superior wisdom.

In the titular role, Hart is declared to have rendered another fascinating performance that will establish him still more firmly in the popular favor.

His true, sans chaps and sombrero and six-shooters, but his magnetism is as powerful as ever.

This feature together with a two reel Keystone comedy will be shown at the Auditorium tomorrow Sunday. Mr. Fenberg's Sunday's programs are so well known, that it is perhaps unnecessary to say too much about the programs offered, but the above together with the orchestra under the direction of Donald Kisseane, together with the new organ, will be heard in latest musical selections.

"Auto Girls."

The coming attraction at the Auditorium next Monday afternoon and evening will be Simonds and Lake's "Auto Girls," presenting an up-to-the-minute program of mirth music and dancing. Featured in the show is the beautiful prima donna Carol Schroder, Harry Seymour, the funny little Dutchman and the clever eccentric man James J. Lake, this triumvirate of stars will be seen in the screaming musical burlesque in two acts entitled "At Beauty Rest" with a laugh in every line. Others in the cast are Smiling Rose Allen, Matty Scott, Billy Hallman and George Walker. After the show, the acts will include the special added attraction Capt. Barnett and Son, "The Boys who never grew up." The beauty singing and dancing chorus with the "Auto Girls" stand out as one of the bright spots with the show. No expense has been spared in the matter of scenic and costumes display. Taken all together the "Auto Girls" will make you sit up and take notice. From the looks of the advance sale, a large crowd will see both afternoon and evening performances. The ladies are buying in large bunches for the matinee next Monday, at which time ladies secure best reserved seats for 25 cents. It looks like a sell out. These shows grow more popular with Newark audiences every week and Mr. Fenberg deserves praise for the way the performances are given here.

European Mystery People.

Fourteen skilled theatrical mechanics, electricians and property-men are employed by LeRoy, Talma and Bosco, the triple alliance of illusionists, transformists and necromancers, who come to the Auditorium theater on next Tuesday to show their big company of European mystery people. More than fifty tons of scenery, properties, electrical effects and other paraphernalia is carried with this organization. Not since the days of "Ben Hur," have so many theatrical mechanics been employed with any road attraction. Every piece of scenery, every property used in their performances is carried with the company. It is the biggest and most elaborate production of the character, ever sent on tour. The LeRoy, Talma and Bosco company was organized in London, England, a three years tour of the world. Their engagements ran from one to three months in such cities as Calcutta, India, and Melbourne, Australia. The war interfered with its itinerary, and rather than risk further travel in the war zone the organization was brought to the United States. Since its arrival in America, its tour has been confined to the larger cities in the first class theaters. Seldom has any attraction bearing the expense of the LeRoy, Talma and Bosco company been seen in the one and two night stands. The production is so large, in fact, that only the largest of stages can be used. Their supporting company is a large one numbering upwards of 30 artists. More than 100 head of live stock, which range from African lions to canary birds, are used in the performances. The seats are now on sale for this wonderful entertainment.

"Common Clay."

Melodrama with the grin of reality and comedy with the flavor of life are among a few of the ingredients of "Common Clay," the powerful drama which A. H. Woods will present at the Auditorium theater soon. It was this bitter-sweet tang of life that made "Common Clay" the phenomenal success of last season in New York, where it ran for an entire year. A story that moves rapidly and with cumulative force, variety and skill in characterization, situations replete with dramatic in-

terest, comedy and pathos, and a climax of startling power combine to make "Common Clay," a play that no line interested in current drama can fail to miss. The cast includes Frank Readick, Eugene M. Desmond, Richard Lytle, Rexford Kendrick, Louis Hartman, Robert W. Smiley, Harry Travers, Lawrence Haynes, Harry Abbot, Belle Mitchell, Millie Freeman, Cecelia Griffith, Lillian Chaire and Beatrice Worth.

Irish Comedy.

Mr. Fenberg announces a clever production of "Shameen Dhu," Chauncey Olcott's great success, by Rida Johnson Young at the Auditorium on next Friday. This is said to be one of the most pleasing Irish Comedies, with songs, that is now on the road. Clifford Hipple, plays the part formerly played by Olcott and is said to be quite clever.

ALHAMBRA.

The father of Helen Landon, whom Philip loves to desperation, is connected in business deals with Philip's brother. Between them they concoct a scheme to corner the stock of the D. L. & B. mining company and "clean up a couple of millions."

In the course of his search for work Holden blunders into the office of the man who is promoting the mine and who believes it to be merely a hole in the ground. He induces Philip to sell the stock on commission and take his pay in stock. The young man goes out among the wealthy with photographs of the mining property, and sells considerable stock because of its picturesque surroundings.

Then, after Philip has been given large blocks of mining stock in return for the real money he has been delivering to the broker, word is received that the mine is actually one of the richest in the world and here the fortunes of the "waster" begin to change.

From a hopeless conviction that he could never ask wealthy Miss Landon to marry him because of his poverty, he sees a chance to become her equal in this world's goods.

Just as his brother, Miles, and the father of his beloved are hammering D. L. & B. with all their might, selling it down to no price at all, Philip enlists the services of a broker and buys every share of the stock offered until he owns it all and is rich beyond the dreams of avarice.

At Alhambra Sunday.

Monday and Tuesday.

Have you ever had everything go wrong when you were trying your best to dress in a hurry for a party? That is the harrowing obstacle against which Jack Pickford struggles when, in the role of William Sylvanus Baxter in the Famous Players adaptation of Booth Tarkington's "Seventeen," which shows at Alhambra Monday and Tuesday, he attempts to dress in a great hurry for a party given in honor of his lady-love, Lola Pratt, whose other name is Louise Huff. Having planned to steal his father's dress suit, as he has done before, William discovers to his dismay that his forehanded mother has hidden it. He hastily arranges himself in his best suit, only to find the trousers torn. Another suit, donned in desperation, reveals paint smudges in a vital spot. Frantic at the thought that he will never reach the party, William buries his head in his hands and is on the point of giving way to unmanly tears when his mother re-enters and produces the coveted dress suit. It is one of the many rich incidents in "Seventeen."

THE LYRIC.

Chapter No. 4 of "Peg o' the Ring" in two acts with star cast headed by Ruth Stonehouse, Francis Ford and Grace Cunard. The thrills in this great serial just commenced in chapter 1, also chapter 4 of Liberty in two acts with Marie Walcamp Eddie Polo and star cast. The excitement grows intense in this great picture starting with chapter one.

GRAND.

"A Deed of Daring." The great new Helen Holmes chapter-play, is growing in popularity with each new release. Chapter four is crammed with thrills. An automobile accident, and a daring crawl by Helen Holmes from window to window of a speeding train are but a few of the thrills in this chapter. See it at the Grand on next Sunday and hear the four piece orchestra.

KOZY THEATRE.

Manager Welch of the Kozy Theatre in East Main street has secured one of the biggest musical shows on the Sun Circuit for next week. The attraction will be Ben Toys Big Musical Review in three complete changes of program during the week, with changes Monday, Wednesday and Saturday. Mr. Toy carries all special scenery for each one of his plays. The company is made up of fourteen people mostly girls. A beauty chorus, funny comedians and real up to date singers and dancers. This is the same attraction which played the Broadway theater in Columbus to capacity business, there will be no advance in the prices for this attraction. The matinees

will be daily at 2:30, any seat 10c. Nights 7:30 and 9 o'clock adults 20c, children 10c. You can't afford to miss this one.

Among all the features in the way of photoplays that has ever played in Newark, the theatergoers have never had a chance to witness the wonderful production of "Diana the Huntress," one of the greatest photoplays of the day. A drama based on the mythological story of the Daughter of June. This picture puts life into any program. The extra attraction will be "The Wait," a five part feature, with Miss Mattie Raubert as the star, also special orchestra for Sunday. Any seat 10c and children 5c, from 1:30 until 10:30. The best in pictures every Sunday at the Kozy Sunday.

GEM.

Crane Wilbur, star in the Mutual Masterpiece, De Luxe Edition, "The Love Liar," a five act romantic drama, which will appear at the Gem theatre on Monday is one of the most versatile actors on the screen.

Mr. Wilbur, leading man with Pathe, was born in Athens, N. Y. His father was English, his mother was born in Ireland. He belongs to a famous old theatrical family. Edith Crane, who was the wife of Tyrone Power, is his aunt on his mother's side.

Bad Colds from Little Sneezes Grow

Many colds that hang on all winter start with a sneeze, a sniffle, a sore throat, a tight chest. You know the symptoms of colds, and you know prompt treatment will break them up. Dr. King's New Discovery, with its soothing antiseptic balsam has been breaking up colds and healing coughs of young and old for 47 years. GOING, GOING, GONE!!!
I ALMOST got acquainted WITH A charming man at a DINNER PARTY last evening but THE WOMAN who sat between US HAD spent too much MONEY for hair that had BELONGED TO others. EVERY PLEASANTRY of mine WAS EITHER hooked by A CUM or deflected by A FALSE puff. Then, too, I FANCIED THAT all of the ORIGINAL OWNERS of that ASSORTMENT of hair were listening TO OUR conversation and it EMBARRASSED ME. Why in THE WORLD more women don't LEARN OF HERPICIDE and TRY FOR the home grown VARIETY of hair is a MYSTERY to me.

Years for beautiful hair, Herpicide Mary

presenting 60 magnificent views of Japan, will be given by the pastor, Sunday school, 9:30 a. m.; classes for all ages. Prayer meeting, Wednesday evening, 7:30.

In the Light of the Old Testament Teaching." Bible school at 9:30 a. m. Mid-week service at 7 p. m. Wednesday.

C. E. Rally.
The Newark District of the Southeast Ohio Branch Union C. E. societies of the United Brethren church held a rally Wednesday afternoon and evening at the East Main Street U. B. church. The afternoon session was a round table discussion of the needs in the work of the various societies. At the evening session several helpful addresses were given.

Branch President E. E. Harris on "The Goals of Southeast Ohio Branch"; Rev. L. P. Mignerey, "The Quiet Hour"; Miss Estelle Montgomery, "Our Juniors and Intermediates"; Rev. M. R. White, "The Tithe."

The Newark district consisting of the societies of East Main Street, Tenth Street, Mt. Hermon, Wilkins Run, Jackson Court and North Newark Circuit churches, is the Banner district of Southeast Ohio branch and has the following officers:

District Superintendent—Rev. M. R. White.
Treasurer—Elsie Myers.
Secretary—Mary Shynon.
Junior Superintendent—Mrs. Stoffer.
Missionary Superintendent—G. G. Winter.
Stewardship Superintendent—M. R. White.
Juris and Citizenship Superintendent—S. C. Conrad.
Sunday School Superintendent—E. M. Larson.
Efficiency Superintendent—Mrs. George.
Quiet Hour Superintendent—Mrs. Cox.

Mauk's Chapel.
Meeting at Mauk's chapel about a half a mile south of Mary Ann Furnace on the Hanover road, which started Wednesday, will last two weeks or if interest is good, longer. Mr. Palmer is the minister and Mr. Warman will lead the singing.

Y. M. C. A. Notes

The talk by Dr. Stedem on Thursday evening, subject, "Health and Its Relation to Business Efficiency," was much appreciated by those who heard him. A larger number of the association should take advantage of these talks. The next talk will be given by Supt. W. E. Hopkins of the Associated Charities, subject, "Amusement and Their Relation to Efficiency." Friday evening, Nov. 24. It should be noted that this lecture is on Friday evening instead of on Thursday as usual.

Over 30 members of the senior class met on the third floor at the close of the class session Thursday evening and enjoyed an oyster supper stew. They made this an occasion for the organization of a basketball team for the winter. P. A. Sears was elected captain of the team and Charles Allen, manager. There is good material in the class for an excellent team.

The hike for the Juniors and Cadets on last Saturday, led by Allen and Kent, was a great success. Forty-three boys enjoyed the afternoon in the woods. They took with them wieners, bread and butter, and marshmallows and had a real feast.

The membership of the association is still growing. Each day new inquiries are made and almost daily a new member is added. The cold weather has made a great demand for indoor work.

Cyrus Hay of Utica and Oscar Van Tassel of north of the city have taken up their residence in room No. 1. Both of these boys are employed in the city and usually spend the Sundays at their respective homes. Myron Rogers has left for a month or so. Earl Wyeth has taken up his residence in room No. 16 on account of his work which requires him to be down town very late at night.

The state Older Boys Conference will be held at Washington C. H., Dec. 1, 2, and 3. The following will probably represent Newark: Charles Mayer, Edwin Davies, Donald Power, and Arthur Kent.

The second of the Saturday night contests was run off in good shape. It was the running high jump. Monteth won a jump of 5 feet 2 inches; Kent second, 5 feet; Kirkman third, 4 feet, 9 inches. The contest for tonight will be the standing broad jump. Last year's record is 8 feet, 11 inches.

GRANGE ELECTION.

The Wilkins Run Grange No. 1979 will confer the third and fourth degree on Tuesday evening, Nov. 21, after which officers will be elected for the ensuing year. All members urged to be present. There will be lunch served at end of meeting.

MODERN WOODMEN.

Cedar Camp, No. 4727 M. W. of A. met Wednesday night. Since our last regular meeting Charles E. Bullock living at 96 Moull street died, having been a member of the camp for 3 years, 6 months and 20 days and carried a certificate for \$1,000. On next Wednesday night arrangements have been made to put on the ceremony of adoption and a good turn out of the members is desired. Of course the refreshment committee will have something for the members.

RED MEN.

Minnewa Tribe, No. 52, Improved Order of Red Men met Friday night. On the first regular meeting in Hunting Moon will be held the annual election of Tribal Chiefs, also the Past Sachems will cast their votes for chiefs of the Great Council of Ohio and a good turn out of the Past Sachems is desired. Arrangements are being made to adopt a class on the first regular meeting night in December. A committee was appointed to make arrangements for a lunch on the night of regular election.

WHITE CARNATION REVIEW.

White Carnation Review, No. 68, L. O. T. M. met Wednesday, afternoon. Considering the sudden change in weather the attendance was good. This Review will hold a Bazaar and Social Thursday evening, Dec. 14, in the M. W. of A. hall. The Sewing circle will meet Friday afternoon with Mrs. Fields, 442 North Fourth street.

I. O. O. F.

Olive Branch No. 34. Olive Branch Lodge, No. 34, met Tuesday night and after the business of the evening was disposed of one candidate was admitted and obligated in the second degree. Next Tuesday evening will be first nomination night for new officers.

Centurion Olive No. 90.

Everything is in readiness for the big meeting next Wednesday. The next commander, Perry D. Knapp of Toledo will be present. The committee in charge will have a light lunch after the business of the evening is completed. Every chevalier is urged to be on hand in "fatigue."

Mt. Olive Encampment No. 12.

Mt. Olive met Thursday evening with a fair attendance. Eight candidates were instructed in the mysteries of the Patriarchal degree. The next regular meeting will be December 7 at which time the annual election will occur and the Golden Rule degree will be conferred.

Newark Lodge No. 623.

Newark Lodge met last Monday evening. Nothing but routine business was transacted. It is important that all members turn out next Monday. Business of interest to members. There will also be degree work.

K. OF P.

Newark Lodge No. 13. The regular meeting of Newark Lodge No. 13 held on Thursday evening was of short duration owing to the fact that there was no degree work.

One new application was received and referred to the proper committee. After lodge meeting the Page rank team went through the work in anticipation of the coming convention next Tuesday, when the page rank will be conferred by Newark Lodge. A supper will be served in the Banquet Hall by the Pythian Sisters. Some of the Grand officers will be present. All knights in the city and surrounding country are invited.

Roland Lodge.

An unusual amount of degree work was performed last Tuesday evening by Roland Lodge, No. 303, when the Page and Esquire ranks were conferred on three candidates. Four applications for membership were received and referred to committee. In addition reports were made on the various sick brothers, and a committee recently appointed to make the by-laws in several important aspects made a report, reading their recommendations the first time. Action will be taken on this matter at the meeting on December 12. These changes should interest all members of this lodge to the extent of attending the meetings and learning about them.

Next Tuesday the annual county meeting will be held at the Pythian Castle on East Main street. The session begins at 3 o'clock in the afternoon. At 6 o'clock a supper will be served by the Pythian Sisters in the banquet hall. This will be free to all Knights of Licking county. After supper a parade, headed by the Uniform Rank, will march around the square and back to the hall, where the regular session of Roland Lodge will be held. At this meeting the Knight rank will be conferred by the new team of this lodge, and this announcement will no doubt bring out a large number. Speaking and orchestra music will make the occasion one to be enjoyed. It is urgently desired by the officers that all who possibly can attend these sessions, beginning with the one in the afternoon. Look for further particulars and program elsewhere.

Y. W. C. A. Notes

Saturday, November 25 has been set apart for the celebration of its "Harvest Day" by the Young Women's Christian Association. Because of the generous response of friends throughout the city and country districts last year, the "Y" hopes that this coming Harvest Day may be even more abundantly blessed. Any donation will be joyfully received.

Mrs. Fred Evans, Miss Helen Tucker and Miss Allis were visitors on Thursday of this week at the Winter Conference for the Ohio and West Virginia Field, in session at Columbus, November 15-19. These Winter Conferences have been planned jointly by the National Board and the local Association; Miss Butler and Miss McCullough of New York City are giving a series of talks on Personal Evangelism and Mission Study, and Dr. Tiffin of Columbus a course on Christian Fundamentals. Miss Elizabeth Hughes of Cincinnati a series of talks on "The Christian Life" each evening of the conference.

The Business Woman's Bible class will meet with Miss Mable Pugh each Friday evening at seven o'clock instead of Tuesday evening as previously announced.

The Thursday evening lecture in the series on "Salesmanship and Business Efficiency" was given this week by Dr. J. P. H. Stedem, on

"Health and Its Relation to Business Efficiency." On next Thursday evening November 24, Wm. E. Hopkins, Secretary of Public Welfare Bureau will speak on "Leisure Hours and their relation to efficiency."

The past week has been World Fellowship Week and meetings were held in each factory, where there is a club meeting at the noon hour. These club meetings are one of the most vital features of the work in the city. Volunteer workers are needed.

The membership is at work on getting "Renewals". Remember to do your Christmas shopping early.

An effort is being made to increase the membership of the sym classes to 1900. More than 70 are now enrolled.

GRANVILLE

TOSSES UP ITS HAT AND YELLS
FOR DENISON TEAM AT BIG
HOME COMING.

Ohio Wesleyan Playing Football
 With Baptists and Many Old
 Grads are Back to See the
 Fun.

Granville, Ohio, November 18.—
 By the time the Advocate goes to
 press this classic retreat will have
 been turned into a pandemonium of
 "pep and patriotism" in celebration
 of Denison home coming, the chief
 feature of which is the historic com-
 bat between the Ohio Wesleyan and
 Denison warriors on Beaver field.
 Everybody and his wife is expected;
 the day is ideal for the players;
 alumni will lunch in Shepardon
 commons, and the evening will be de-
 voted to fraternity and sorority af-
 fairs.

Seldom are the ladies of the So-
 cial Union privileged to enjoy so
 notable an occasion as was afforded
 them on Friday afternoon, Nov. 17,
 with Mrs. Frank Ferguson, Mrs. C.
 J. Williams, Mrs. J. H. Lockhart and
 Mrs. Freeman Chrysler as hostesses.
 These ladies managed to lend a home
 atmosphere to the large parlor, in
 one end of which two artistically
 decorated tea tables held the tea
 equipages where Mrs. Ferguson, Mrs.
 Williams and Mrs. Chrysler poured,
 while Mrs. Lockhart assisted by Mrs.
 Emswiler of Columbus, Mrs. Bever-
 ledge and Miss Helen Lockhart pass-
 ed the cups and cakes. Mrs. Cham-
 berlain the president, presented an
 interesting business program, and
 urged the women to give their help
 in being prompt at the business, as
 well as at the social post. Mrs. Mar-
 ion Rose Johnson filled the post of
 secretary pro tem, and the standing
 reports were made by all quarterly
 committees. An event of extraordi-
 nary interest was the appearance of
 Miss Evelyn Thomson of the girls
 college of Constantinople, who spoke
 most convincingly and charmingly of
 conditions confronting this splendid
 American school, which has been do-
 ing so much for eastern women since
 1871.

Miss Thomson who is far su-
 perior to the average woman speak-
 er, emphasized the manner in which
 the school had recovered itself after
 the disastrous fire some years ago,
 purchasing a new site on the Euro-
 pean side of the Bosphorus, and af-
 ter many ups and downs having set-
 tled into the four well equipped new
 buildings just before war was de-
 clared in Europe. Since that time
 there have been more students than
 ever before—over 400 in the college
 and preparatory departments, but
 that the college is now confronted
 by conditions which make an endow-
 ment imperative. An association has
 been formed with members and as-
 sociate members whose subscriptions
 down to one dollar are acknowledged
 in the quarterly bulletin.

Miss Thomson whose parents are English
 was born and reared in Constantinople
 and is in this country trying
 to interest people in this American
 enterprise, though she makes no di-
 rect appeal. Her address is No. 79
 Fifth avenue, New York City. She
 says the society has received gifts
 of from \$1 up to \$35,000 from a sin-
 gle donor.

The contract for the retaining
 wall around Mt. Parnassus or the
 Sinner's hill at the east end of Broad-
 way has been let to Watt Thomas,
 at the contract price of \$6.50 per
 cubic yard.

Mrs. Forbes Wylie has as house
 guest over Sunday Miss Evelyn
 Thomson of Constantinople, a teacher
 in the Constantinople college for
 women. Mrs. Wylie's brother is a
 professor in the Roberts college in
 Constantinople.

Among the week-end house guests
 of Prof and Mrs. W. J. Livingston
 are Mr. and Mrs. Herbert Allen who
 motored from Dayton and Miss Har-
 riet Swetland of O. S. U.

Mrs. C. E. Frank is entertaining a
 house party for Denison home com-
 ing, composed of her daughter Miss
 Bertha Frank, Miss Helen Wood,
 of O. S. U. and Miss Carrie Rowland
 of Johnston.

Miss Carrie Howland is a Colum-
 bus visitor today.
 In the Presbyterian church tomor-
 row both morning and evening the
 Rev. Mr. McKinney of Johnston,

will preach and will also conduct the
 Men's class at 11:15 a. m. An in-
 vitation is extended to all who do not
 attend elsewhere.

In the Methodist church the pas-
 tor Rev. Otto Giesen will conduct
 both services. Subject of the morn-
 ing sermon: "The Just Shall Live
 by Faith." At 2:30 Junior league ral-
 ly with chalk talk.
 In the Baptist church Rev. Milford
 Bralsted will take as his morning
 subject: "Witnesses and Martyrs."
 Evening topic: "Divine sympathy."
 A cordial invitation to all of these
 services is extended by the respective
 congregations.

Among the many arrivals for the
 Denison home coming are noted.
 Samuel B. Briery, president of the
 alumni association; J. Franklin
 Pease of Cleveland; Charles Willis
 of Washington, C. H.; Benton Tuttle
 of Cincinnati, and W. C. Sheppard
 of Grand Rapids, Mich. All of Beta
 Theta Pi.

FARM OBSERVATIONS

IN OHIO.

Editors Advocate:—The cropping
 season is over and it is now time to
 measure the results of the season's
 work. For some parts of Ohio these
 beautiful autumn days are sad for
 the crops, especially corn is very
 short and but few yellow pumpkins
 are to be seen in the stubble.

For the purpose of making some
 observations in general and visiting
 some farms we have under study, I
 recently made a trip over the Nor-
 folk and Western R. R. from Cin-
 cinnati to Kenova, W. Va. At first
 we traveled through the productive
 bottoms along the Miami river in
 Hamilton county, but this was not
 for long for we soon came into a vast
 stretch of level land known as the
 "Loess" soil type mostly white in
 color, but some places where it is a
 little rolling it is yellow, resembling
 the yellow clay of Licking county.

But mark, I said resembles, for this
 Loess soil is naturally deficient in
 plant food, especially lime. On my
 own farm in Licking county on some
 clay banks I have succeeded in
 growing good crops of clover by ap-
 plications of manure, but this Loess
 soil never will grow clover and the
 great problem is to get some kind of
 a league to grow well in the crop-
 ping system.

This level Loess soil works nicely,
 no stones to interfere. Any kind of
 machinery can be used on it and I
 am expecting that within the next
 ten years that on much of this land
 where now we see growing scrubby
 pin oak and hickory and the part
 cultivated not growing sufficient
 crops to pay for the labor, we will
 note the most marked improvement
 of any place in Ohio.

Out of these "sad observations"
 we come into the bottom land bor-
 dering the Scioto river near Ports-
 mouth. The corn here is white.
 Some way I never could get an
 enthusiastic grower of white corn but it
 brings the yellow (gold) dollars just
 the same as the yellow corn and
 some of these southern Ohio farm-
 ers claim the white corn will yield
 more per acre than the yellow.

The valley up the Ohio river from
 Portsmouth is quite narrow and the
 hills rise abrupt, broken and barren,
 but if the hills do not produce crops
 "there sure must be something do-
 ing" about Portsmouth, for the rail-
 roads are increasing their trackage,
 brick roads are being built and a
 great bridge is being put over the
 Ohio river.

Much of the bottom land along the
 Ohio river above Portsmouth is
 covered with rushes and broom-
 sedge and the part that is cultivated
 does not grow good crops. Whether
 tile drainage has been tried on this
 land or not I do not know.

All along this railroad and indeed
 many other places in Ohio is land
 lying idle that if properly handled
 would produce good crops, and no
 doubt many of our city friends that
 think food prices are so very high
 wonder why the land is not utilized.
 The answer is scarcity of farm labor.
 The farmer cannot, except under the
 most favorable circumstances, pay
 the price paid by other industries
 for labor. Labor cannot be blamed
 for going where it will receive the
 greatest reward and so "Farm Man-
 agement" or the organization of our
 farms so as to return the most prod-

uct for the labor expended becomes a
 very important study.

One hill farm of 27 acres that I
 visited was on 1000 White Leg-
 horns and pullets and 40 hogs. Not
 much of the feed of their livestock
 is grown on the farm. Skimmed
 milk and butter-milk costing 1 cent
 a gallon at the creamery forms a
 large part of the ration. Both chick-
 ens and hogs are doing well.
 Cary N. Montgomery.

The Courts

Divorce Petition.

Mary E. Horner has filed a peti-
 tion in common pleas court against
 Thomas W. Horner. They were
 married January 14, 1915 and are
 the parents of one child, aged 14
 months. The grounds alleged in
 the petition are gross neglect of
 duty and abandonment. Plaintiff
 asks for a divorce, care, custody and
 control of the minor child, and
 reasonable alimony for support of
 same.

Village Merchant Assigns.

Rolla E. Householder, proprietor
 of a general store at St. Louisville,
 O., filed a deed of assignment in pro-
 bate court Friday afternoon to Earl
 Neubarger, for the benefit of his
 creditors. The assets, consisting of
 a stock of hardware, furniture, meats,
 groceries, cigars and tobaccos are
 given as 2,500.

Divorce Petitions.

Mary C. Pfeiffer vs. Edward Pfeif-
 er, is the title of a petition filed in
 common pleas court. The parties
 were married Sept. 22, 1911, and are
 the parents of a minor son aged 18
 years. Defendant is charged with
 cruelty and failure to provide. Plain-
 tiff asks for a divorce, alimony and
 the custody of the minor son.

James W. Scott has filed a petition
 in common pleas court against Bel-
 C. Scott. They were married March
 31, 1907, and are the parents of two
 children aged six and four years.
 The petition alleges infidelity and
 names several correspondents. Plain-
 tiff asks for a divorce, custody of
 the minor children and all other re-
 lief to which she may be entitled.

Common Pleas Court.

In the case of the state of Ohio vs.
 Sam Hill, heretofore found guilty of
 cutting Lewis Beckman with intent to
 kill, the court sentenced the defend-
 ant to the Ohio Penitentiary.
 The court heard the remainder of the
 testimony in the case of Mary James
 vs. Curtis James and the attorney's made
 their arguments. The court took the
 case under advisement. The suit is one
 for alimony.

Charles H. Follett vs. Clementine
 Roche, tried to the court upon an appli-
 cation to vacate a judgment entered
 at a previous term of court. The court
 took the case under advisement. The
 judgment was for attorneys fees.

Punishment.

NEWARK HIGH IS VICTORIOUS IN LANCASTER GAME

Newark High yesterday defeated
 Lancaster High by a score of 13 to
 6 in a game which was full of inter-
 est because the two teams were
 evenly matched. The game was clean
 and the Newark athletes are loud in
 their praise of the treatment ac-
 corded by the athletic authorities of
 the Fairfield county school. It was
 Newark's first athletic relation with
 the Lancaster school.

The game was played without the
 services of the regular tackle and
 guard Zentmeyer and Hertle. They
 are still out of the game suffering
 from bruises suffered in the Colum-
 bus game a week ago.

Orr and Brubaker made the New-
 ark touchdowns and Orr kicked one
 goal, failing on the other. The
 members of the team were: Emmons
 le, O'Hara 1t, Ditter 1g, Davies c,
 Wolfe rg, Tharp rt, Mayer re, Bru-

NEW PRESIDENT

JOHN W. HOFFMAN OF OHIO
WESLEYAN ADDRESSES ALUMNI AT BANQUET.

Nearly Fifty Attend Annual Gathering Last Night at First M. E. Church—Films Shown.

The fifth annual banquet of the Licking County Ohio Wesleyan University club, was held last night in the parlors of the First M. E. church Fifth and Locust streets, and was attended by about 45 members of the alumni.

Dr. John Washington Hoffman, newly elected President of O. W. U. and S. Raymond Thornburg, secretary of the Alumni, delivered the principal addresses. The program began at 6:30 o'clock with a banquet. Professor O. J. Barnes, '02, presiding as toastmaster. The tables were beautifully decorated with the University colors and candles.

The menu consisted of fruit cocktail, water, fried chicken, mashed potatoes, sweet potatoes, rolls, gravy, jellied apples, salad, wafers, ice cream, cake, coffee and mints.

Following the benediction by Rev. Calvin G. Hazlett, the banqueters sang "Wesleyan, O Wesleyan." A small booklet containing some of Ohio Wesleyan songs were placed at each plate along with the menu and during intervals of the banquet, several songs were sung.

Mr. Thornburg was the first speaker introduced by Toastmaster Barnes. He told of the work of the alumni in creating a greater interest for the school, and of the ever increasing enrollment.

"There is no place in the country where there are finer conditions or where the faculty is more sacrificing to its student body, than Ohio Wesleyan," he said. "The enrollment is larger this year than of any in the past 11 years and each year has shown an increase of five per cent in the student body."

Mr. Thornburg related the activities of the past year by the various alumni who he said were doing great work in promoting more interest in the school. In going about the country he said he found the alumni increasing and that he was thankful that he could number himself among such a fine body of people.

"Members of the Alumni," he said, "are holding fine positions all over the country, and are still filled with loyalty to their alma mater. We'll have to be as loyal to our alma mater as people expect us to be," he continued, "and at Ohio Wesleyan we are now like one big family, the faculty and the alumni, being closely affiliated."

"Get back to college for a visit, it will do you good and renew your interest in the school," Mr. Thornburg urged. "Get ready for our diamond jubilee in 1919. We are going to have the biggest time ever known in Delaware and the town will hardly be large enough to accommodate the crowd expected."

Professor Barnes, next introduced Dr. John Washington Hoffman, who was elected president of Ohio Wesleyan University last July. Dr. Hoffman's address was along the lines of "Ohio Wesleyan Ideals." He told of the great work carried on by his predecessors and of his determination to stick with their ideals for great things.

"I rather suspect that if I'm going to keep up with these men who have preceded me, I'll have to go some," he said. "I want to say a word here concerning Mr. Thornburg, who is one of the hardest workers for the alumni I have ever met. He is the man who conceived and put into operation the movement for organizing the 'Letter Association' among Ohio Wesleyan students."

"Allow me to thank you for the charming and hearty way in which you have received me, which has been characteristic of all alumni meetings I have attended," he said. "I realize the importance of the position I occupy to Christ, the church and the community and I haven't come to the place yet where I feel that I'm adequate to the work before me."

"When I stand in chapel and look at the 1,200 students before me, you can hardly conceive what a thrill it brings to one to know that he is responsible for the direction of those young minds. I am determined to perpetuate the ideals of the men before me to make this university just what it is today."

Dr. Hoffman said that recently in conversation with a multi-millionaire, who was a wonderful scholar and possessed one of the finest libraries he ever saw, the millionaire said, "99 out of 100 men are trained in colleges to make money, not to think, nor does the average modern college today specify the thing it represents." The millionaire urged the return to the classical ideals.

The speaker told of the ideals of the Ohio Wesleyan University and of the ideals he hoped to achieve. He said some time ago he was asked to answer the question of "when is a man educated?"

"I've been reading books since my election last July on this, but up to now I have not found the answer yet," he said.

Then Dr. Hoffman launched into classical ideals. "We go to college," he said, "to make our training contribution to life. And Ohio Wesleyan has stood for that specific contribution to life and the students are trained to make this contribution. The most difficult thing for people to do is to retain optimism in times of prosperity. But no pessimists are being sent out of O. W. U."

"Instinct for perfection," he said, "is the greatest ideal we have. I believe the greatest task today is to take this instinct, train it, develop it and direct it."

Dr. Hoffman was applauded for several minutes when he had finished his address. Professor Barnes then bestowed credit for the success of the meeting upon President H. M. Reatty, for the Licking County O. W. U. Association. The meeting was then turned over to President Beatty

for the holding of the election of officers.

President Beatty was re-elected for a second term, Mrs. Mary Meyers, was re-elected vice president; Mrs. Tenny Reese, re-elected secretary and treasurer, and Rev. J. Emory Walters, of the class of '07 was elected delegate to represent the local alumni association at the reunion at Delaware next June.

Grace Dicken, '02 sang "Delaware" and was accompanied on the piano by Mrs. Jackson. The meeting was concluded by the showing of several reels of film, of student activities at O. W. U. The pictures were excellent and recalled pleasant memories to the alumni members, who recognized many of their old favorite haunts on the campus and among the beautiful buildings.

SHACKLEFORD ASKED FOR HIS OWN ARREST LUNACY CHARGED.

Police last night received a call from Samuel Shackelford, in Granville street, asking that the patrol wagon be sent to his home, as there was some trouble there. When Sergeant Goff inquired the nature of the trouble, Shackelford left the phone. A few minutes another call was sent in by Sam.

"Better send the wagon up here or there'll be another murder," Goff, said Shackelford told him.

This time the request was complied with immediately and Patrolman Stewart sent to make the arrest. Shackelford himself was taken into custody and taken to the city prison. This morning his case was not heard, as Mrs. Shackelford appeared before Probate Judge Hunter to swear to a lunacy charge against her husband.

A warrant was issued against Shackelford charging lunacy and was set for hearing at 10 o'clock this morning.

Upon a hearing in the probate court this morning Shackelford was found to be sane and the charge was dismissed.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without gripping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 50c and 75c per box. All druggists.

A GREAT FREE DEMONSTRATION OF
SCHOLL'S FOOT COMFORT SERVICE

Consult the Chicago Foot Specialist FREE

MONDAY, TUESDAY AND WEDNESDAY, NOVEMBER 20th, 21st, and 22nd

On these three days Free examination and advice will be given by an expert under the direction of Dr. Wm. M. Scholl, the famous foot specialist. He will also give demonstration of foot appliances necessary in the correction of foot troubles. This important event was arranged at great expense principally for you who have weak, tired, aching, calloused feet, for you who suffer from bunion pains and corns, or who have broken down arches, crooked toes, and hammer toes, for you who have tried fruitlessly to get relief. Not obliged to buy shoes here.

If you have flat foot, weak feet or broken down arches, no matter if you are already wearing arch supports, have your feet scientifically examined by this specialist and let him advise you what to do. If you have been using bunion and corn remedies that furnish temporary relief without correcting the cause be sure to get this scientific advice.

If you are one of the many thousands who have had trouble in being properly fitted to shapely footgear come to our store. The difficulty will be solved easily and simply and perfect foot comfort will be given you.

WARNING You may not realize it but those slight aches at the heels and ankles, those painful cramped toes, that body weariness and brain fog are typical of weak arches and likely to result in a serious derangement of the whole nervous system. Many people have mistaken these pains for rheumatism of the feet and have tried internal remedies to correct them when all they really needed was proper support of the feet arches.

Reason For This Demonstration

It has been our ever constant aim to make this the most progressive shoe store in town. For months we have thoroughly investigated the efficiency of the service rendered users of Dr. Scholl's Foot Specialties and wearers of his appliances. We have seen people who previously walked with great difficulty now able to stand the most rigorous exercising of the feet, during long walks and long standing without the slightest annoyance. We have found every one of Dr. Scholl's corrective devices anatomically and scientifically perfect. To give our patrons and friends the fullest benefit of the Scholl Foot Comfort Service we have arranged this demonstration and will heartily conduct in our store an orthopedic department for continued service of this character. We are headquarters for Scholl's Foot Comfort Specialties and Appliances.

Whatever your foot trouble may be, there is a Scholl appliance or device which will correct permanently the trouble from which you are suffering. Consult this noted specialist and let him advise you about your trouble.
